PRODUCT PICTURE

PRODUCT SPECIFICATIONS

Material: PET, Polyamide, Polypropylene, PVC
Finish: Checkered
Colors: Black

Dimensions: 1500 x 900 x 9 mm
Weight: 4.8 kg

ADDITIONAL INFO

Aqua 65 is a medium traffic entrance mat with high water absorbency and excellent dirt-removing characteristics. It features a double-fibre weave made of highly absorbent, curly-patterned polypropylene (50%) thin fibres and polyamide 6 (50%) thick fibres, which are effective in removing dirt. The thin and thick fibres are bonded to a nonwoven base of polyester and polyamide 6. Aqua 65's anti-slip backing, made of durable phthalate-free PVC, offers excellent anti-slip properties on different types of flooring. The edges of the backing are designed to allow safe passage.
