ADDITIONAL INFO

Hands-free station made from coated steel. It features an adjustable bottle tray with upper holder, so it is adaptable to any push bottle size. The unit also comes with a multifunctional compartment to storage a tissue or PPE box (gloves, masks, etc.). The stand is fully mechanical. It is equipped with a foot-pump dispensing system. You just need to slightly push the pedal down to get a sanitizing dose directly on your hands, avoiding direct contact with the unit. Ideal solution to reduce the risk of cross-contamination in public spaces, offices, schools, clinics, food processing areas (HACCP). No maintenance, no power supply is required which makes it easy to move and can be placed both indoors and outdoors.
