ADDITIONAL INFO

Zefiro is the broadest and most complete range of hand dryers in the "jet" category. Great for

PRODUCT SHEET

mediumhigh traffic toilets, it incorporates a 1.100 W cost-saving brush motor, offering an ultra-fast drying time in just 15 seconds. This range is available in a wide variety of materials, finishes and air outlet shapes. **CONE OR BLADE AIR OUTLET** - The dryer is available in two different outlet shape versions. The cone outlet shape conveys the air flow evenly, while the blade outlet shape makes the drying area wider. **TOP EFFICIENCY AND ENERGY SAVING** - For even greater efficiencies, Zefiro has no heating element. It uses jet streams of air to dry hands in 15 seconds. Auto turn-on thanks to infra-red sensors. **SOPHISTICATED DESIGN** - Thanks to its modern and sleek shape, Zefiro perfectly fits into all architectural styles. The covers rounded lines makes Zefiro easier to clean. **VANDAL PROOF** - The protective aluminium outer shells are designed to withstand tampering or impacts of blunt objects thrown vigorously by vandals. **EPA FILTER (AS OPTION)** - Zefiro may incorporate a replaceable EPA E11 filter, which purifies the air by trapping up to 97,66% of dust microparticles, pollen and bacteria suspended in the incoming air flow.
